Furthermore, my ~~mum~~ has a tanned complexion ~~(white)~~ which makes her ~~look~~ <sup>appearance appear</sup> really ~~young~~ <sup>youthful</sup> for her age. ~~With that~~ Without ~~gear~~ <sup>assurance</sup> of contradiction, I can ~~tell~~ <sup>assure</sup> you that there ~~is~~ <sup>is</sup> not a soul ~~one~~ <sup>who is</sup> as driven as her.

### My Dad

Upper classes ~~don't~~ <sup>do not</sup> matter when you think of the person you admire, despite their skills. They may be famous, but do you know their perks? Not only do your mum and dad ~~us~~ have you as priority, but they also influence your mindset. <sup>intentionally</sup> ~~positively~~ <sup>That is</sup> ~~That's~~ why I think my dad is the best.

Without ~~gear~~ of contradiction, my dad is ~~near~~ a head above the rest in terms of height, as well as being middle-aged patches of grey hair. His large feet make his stride the length of a playground. His well-built legs ~~gritlessly~~ try to claw their way out of his wafer-thin work trousers, which shriek in complaint. ✓

Contrary to how old he is he still ~~flies~~ <sup>as a driving force</sup> past me with his ~~lanky~~ bottom half, laughing, before pulling me along, showcasing his selfless attributes. In my opinion, I ~~would~~ <sup>am</sup> be surprised ~~if~~ <sup>that</sup> someone this thoughtful works for DPD, proving you do not have to be swimming in a pool of money to have outstanding qualities. My loved one also cooks, after trudging in battered, bruised and weary, and still ~~will~~ makes good that tickles your tastebuds. To wake up at five and go ✓

to bed at nine and takes some effort, no matter where you look. ✓

Conversely, I have been taught to take unfair and correct criticism, with his experience at the forefront of his help. <sup>Subsequently</sup> Being shaken up by this will hazardously hinder my chances of having a tough mind game. The fair critic is there to ~~be~~ reflect, review as well as something to strive to achieve. // Choosing friends is another thing I have been tutored about. Surrounding yourself with negative influences with changes will change your piece of mind thoughts. Protecting yourself is key, Quintessential. ✓

To sum up, I've got the perfect dad; He excels in all areas. I think anyone would be fortunate to have him.

Super!

However, Rid yourself of contractions in formal

I tried to, but I seemed to have forgot. I knew in the lesson. It was a silly mistake.
