

**ELMHURST**

**Elmhurst School for Boys 11+ Exam and Secondary Preparation**

At Elmhurst, we provide a rich and balanced curriculum so that our boys develop the necessary skills, knowledge, character and confidence to excel both from an academic and pastoral perspective. Our comprehensive transition programme prepares Elmhurst boys for their 11+ exams, and for life at Secondary School and beyond.

Our weekly timetable includes carefully targeted daily teaching in Maths and English, and discrete Verbal Reasoning and Non-Verbal Reasoning lessons, for individual stretch and challenge. We ensure a balance of academic enrichment and pastoral development with the children's wellbeing a primary consideration.

We carry out standardised testing at regular intervals throughout the year to identify progress, attainment and for diagnostic purposes. Areas include reading, writing, maths and reasoning. Assessment data is analysed across school and is used to inform teaching targets. Assessment data is also provided formally to parents via Personal Learning Plans, reports and in consultations with parents. If a pupil is found to be underperforming, parents will be informed immediately and teachers will discuss specific target areas with parents.
